Recommendation Letter

I enrolled both my children in Gan Aviv Daycare when they were 10 months old. I interviewed about 10 daycares in my area, and Gan Aviv was the only daycare that was able to provide mine and my family's needs. A warm, friendly, loving and educational environment for my little ones, with an Israeli environment where Hebrew language was predominant.

As soon as I entered Gan Aviv in Fair Lawn for the first time I knew this was the right place for my then little baby girl. I was greeted by the lovely assistant director Danielle, who gave me a tour of the daycare. Every classroom was filled with happiness and laughter. I'll never forget the first day I drop my daughter off. She waved goodbye to me and crawled to her new friends. Same scenario occurred with my son two years later. The only tears shed were mine.

In September of 2016 I had to move my children to Gan Aviv Bergenfield location, the flagship location. Again, the warm welcoming feeling flooded us all as we first entered the daycare. My children, now 4 and 2 years old, gave me a big hug and were very excited to go to their new classrooms. In their classrooms they were so amazingly greeted by the teachers and classmates.

Academic-wise, my daughter (4 years old) knows how to write names and other words if I spell the letters for her. She also reads three letter simple words. She's great at addition and subtraction of simple numbers.

My son speaks fluently by now, he is 27 months old. Both children are constantly singing songs they learn every day in the daycare. The enrichment programs Gan Aviv provides for all students are carefully hand-picked and my children love them so much.

I can never thank Gan Aviv staff enough for making my children so happy in this daycare. I highly recommend Gan Aviv.

Sincerely,

Libby Choron
